The customary pilgrimage to Joplin Saturday it appears, did not produce the expected results. The beer tasted like syrup, several declare, and was minus the old time kick. All that appears to have been left is the regulation dark brown taste in the mouth the next morning. The government may be slipping something over on the boys. Why not stay in Baxter next Saturday night and drink bevo.

**A BILIOUS ATTACK.**  
When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take three of Chamberlain's Tablets. ### HAMILTON A FARMER

Evangelist Chose Baxter as His Place for Sunday Worship—Has Been Harvesting

Evangelist Hamilton, who closed a revival campaign at the Christian tabernacle here some weeks ago, is a farmer. He has been harvesting and doing other farm work for live at his home at Mountain Grove, Mo. He came to Galena Sunday after a truck. He said he got out his map of the countryside and started looking for a town where he could worship in the church of his chosen denomination. He checked off Carthage, Webb City, Joplin, Galena and then he saw Baxter Springs and came over on the next car. Rev. Poppellwell was about half through his Sunday morning sermon when Rev. Hamilton arrived. After the sermon the Evangelist made a short talk and recounted some of his farm work experience since he left here. He said he would take the street car back over to Galena Sunday evening and take a joy ride home to Mountain Grove on the truck.

### NURSES WANTED

The Surgeon-General of the United States Army, the Surgeon-General of the United States Public Health Service, the American Red Cross, the General edical Board and the Woman's Committee of the Council of National Defense unite in an earnest appeal for 25,000 young women between the ages of 19 and 35 to enroll in what shall be called the United States Student Nurse Reserve. Those who register in this volunteer body will engage to hold themselves in readiness until April 1, 1919, to be assigned to training schools in civilian hospitals or to Army Nursing Schools and begin their course of study and active student nursing. This is an opportunity for every free woman to do her country an inestimable service and put herself in the front rank of the great army of American women. For enrollment and information call at the Library between one and five p. m.

Mrs. A. R. Kahle, City Chairman.  
Mrs. Wesley M. Smith,  
Chairman of Registration.

Some of the Baxter fellows that like a glass of beer once in a while say the Joplin beer has lost its kick and is like drinking syrup. The beer has been cut down to two per cent and they are telling around but some of the fellows are confessing in broad open sunlight that they don't like the substitute beer now on the market. It would be a terrible calamity to Joplin if some of the Kansas beer boys would boycott the saloons over there. There would be less boasting of the cashing of Baxter checks in Joplin.
